OUR SPECIALTIES

Superior Strains of

DELPHINIUM

LUPINS

AQUILEGIAS

PYRETHRUMS

AND OTHER HARDY PERENNIALS

*Catalog of SEED, SEEDLINGS, PLANTS
HARDY FERNS, NATIVE PLANTS*

List of
SEED, SEEDLINGS, and PLANTS
of Superior Varieties,
Mostly from English Growers Who Have
Attained Great Perfection in Gardens
and Flowers

WE give no extended description, but depend on the reputation of the growers that all novelties and special strains are of superior merit.

Growing and watching the development of new and unusual flowers is a fascinating occupation. We would call especial attention to our strains of Delphiniums, Lupins, Pyrethrums, Aquilegias, and new and superior strains of many other plants.

We accept all orders subject to result of harvest with growers and to being unsold.

We give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seed, seedlings, or plants that we send out.

Payment can be made by check, P.O. money order, or draft. Address all correspondence and make checks to the

BROOK-IN-WOOD GARDENS
Beverly, Mass.

Brook-in-Wood Gardens, Beverly, Massachusetts

PLEASE READ BEFORE ORDERING

Early orders are advisable, as many of the items are scarce, and limited in number.

Much of the seed offered, particularly of the Alpine or Rock plants, comes from long distances and at irregular times.

We try to have the whole or greater part of the seed offered on hand by the first of the year. In filling orders for seed, we send items on hand and the balance as received from Europe. Our aim is to supply only fresh seed of the finest strains procurable, and all seedlings offered are grown from this same seed. It must be understood, though, that there is much variation in named varieties of many items grown from seed, particularly in named Delphiniums. Many of the resulting plants vary from the original, generally showing as good flowers as the original and often better, with a chance of getting some very unusual and lovely results. By ordering seedlings, patrons get rid of the trouble and risk of starting the seed. It also saves time. Make a bed in the vegetable garden and plant the hardy perennial seedlings a few inches apart, covering lightly with straw for the winter. They will then be ready to plant into permanent position in the spring, and at the cost of a few dollars you can have a large supply of plants of the finest sorts for your garden.

Prices by the 100. Seedlings priced \$1.50 for 25 are \$5 per 100; \$2 per 25 are \$7 per 100; \$2.50 per 25, \$8 per 100; \$3 per 25, \$9 per 100; \$3.50 per 25, \$10 per 100. All plants, three at dozen rates.

Hardy Perennials constitute the largest part of this list. Annuals and Tender plants are distinguished by a *.

	Pkt.	Per 25	Per 12
	Seed	Seed'ings	Plants
ACHILLEA, THE PEARL, double white useful cut flower	\$1.15	\$1.50	\$2.50

VIOLA PEDATA (Bird's-Foot Violet)	1.25
VIOLA PUBESCENS	1.50

People of refined taste always love ferns, and no garden is complete without its fern corner. They are fine for planting under trees, on shady banks and other places where grass will not grow. Also under pergolas, making lovely combination with lilies and shade-loving plants. A fern walk through the woods is a charming addition to any place.

We are experts in this line, and can tell you all about planting ferns, soil, location and care.

	Per 12
ADIANTUM PEDATUM (Hardy Maiden Hair)—Generally considered the loveliest of hardy ferns; 1-2 feet	\$2.50
ASPIDIUM ACRISTICHOIDES (Shield Fern)—A rich dark evergreen species	2.00
A. ACULEATUM VAR. BRAUNII. A rare lovely sort; 1-2 feet	4.00

Brook-in-Wood Gardens, Beverly, Massachusetts

	Per 12
A. CRISTATUM (Embossed Fern). A pretty evergreen sort	2.00
A. CRISTATUM VAR. CLINTONIANUM. Larger fronds than Cristatum	2.00
A. FELIX-MAS (Male Fern). A fine evergreen sort	3.50
A. GOLDIANUM. A tall, noble sort; 2-4 feet	4.50
A. MARGINALE. A fine evergreen sort; 1-2 feet.	2.00
A. NOVEBORACENSE. Likes moist shade	1.50
A. SPINULOSUM VAR. INTERMEDIUM. A fern of bright green color. Evergreen. 1-3 feet.	2.00
A. THELYPTERIS. Likes wet places	1.50
ASPLENIUM ANGUSTIFOLIUM. A lovely variety with graceful bright green fronds	3.00
A. EBENEUM. Narrow fronds, 6-12 inches long	1.75
A. TRICHOMANES. 3 to 6 inches	1.75
A. FELIX FŒMINA. Tall growing sort	2.00
A. THELYPTEROIDES	2.50
BOTRYCHIUM VIRGINIANUM. Fine-cut leaves	2.00
CYSTOPTERIS BULBIFERA (Bladder Fern). Pretty, dark green, fern with slender fronds ..	2.00
C. FRAGILIS. A fast-growing little fern with delicate fronds	2.00
DICKSONIA PUNCTILOBULA. Fine-cut fronds, two or three feet high, spreads rapidly	1.50
LYGODIUM PALMATUM (Hartford Fern). A lovely climbing fern	4.50
ONOCLEA SENSIBILIS (Sensitive Fern). Grows in wet places	1.75
O. STRUTHIOPTERIS (Ostrich Fern). A stately fern, fronds similar to an ostrich feather; 1-5 feet high	3.00
OSMUNDA CLAYTONIA. A large, hardy fern, pale green frond; 3-5 feet	3.00
O. CINNAMOMEA (Cinnamon Fern). A large, handsome fern; 3-5 feet	3.00
OSMUNDA REGALIS (Royal Fern). A large effective fern, worthy its name; 2-4 feet	3.00
PHEGOPTERIS HEXAGONOPTERA. Broad fronds; 12 inches	2.00
P. DRYOPTERIS (Beech Fern)	2.00
POLYPODIUM VULGARE. Evergreen, forms dense mats on rocks and ledges	1.50
PTERIS AQUILINA (Eagle Brake)	2.00
WOODSIA ILVENSIS. Grows in compact tufts on rocks	1.50
W. OBTUSA. 6-12 inches high; very pretty	2.00
WOODWARDIA ANGUSTIFOLIA (Chain Fern). A very odd fern, fronds shaped much like an oak leaf	3.00
W. VIRGINICA. More common than the preceding; 2-3 feet	3.00
